**ADOPTION OF A PLAN REGARDING RECOMMENDATIONS RESULTING FROM A REVIEW OF LAW ENFORCEMENT DEPLOYMENTS, STRATEGIES, POLICIES, PROCEDURES, AND PRACTICES**

**WHEREAS, on June 12, 2020, Governor Andrew M. Cuomo signed Executive Order 203, which directed each local government entity with a police agency to perform a comprehensive review of current police force deployments, strategies, policies, procedures, and practices, and develop a plan to improve such deployments, strategies, policies, procedures, and practices, for the purposes of addressing the particular needs of the communities served by such police agency and promote community engagement to foster trust, fairness, and legitimacy, and to address any racial bias and disproportionate policing of communities of color; and**

**WHEREAS, in accordance with Executive Order 203, Putnam County consulted with stakeholders to create a plan to adopt and implement the recommendations resulting from its review and consultation, including any modifications, modernizations, and innovations to its policing deployments, strategies, policies, procedures, and practices, tailored to the specific needs of the community and general promotion of improved police agency and community relationships based on trust, fairness, accountability, and transparency, and which seek to reduce any racial disparities in policing; and**

**WHEREAS, a draft of such plan was offered for public comment to all citizens in Putnam County, and the public was given opportunities to comment on the draft plan in a variety of ways; and**

**WHEREAS, after consideration of public comments, the plan, contained in a report entitled "Putnam County Police Policy Comprehensive Review," has been presented to the Putnam County Legislature; and**

**Chairwoman Addonizio made a motion to accept the revised resolution submitted to the meeting; seconded by Legislator Nacerino.**

**By Roll Call Vote: All Ayes. Carried Unanimously.**

**Chairwoman Addonizio made a motion to move the following revised resolution; seconded by Legislator Albano.**

**Legislator Gouldman stated that he was not thrilled with everything in the plan. He stated that he understands that this is a living document and that there is more work to be done on this. He stated that he looks forward to continuing to review it and discuss it. He stated that this is the beginning of the conversation and not the end of it.**

**Legislator Montgomery concurred. She did not believe that we heard from the Chairperson of the Police Policy Review Panel. She believed that the final version of the plan was not voted on by the Panel. She stated that she would be voting in favor of the plan with caution. She hoped that this was the beginning of a new era of community involvement in County government to make us work better and harder for them.**

**Legislator Sullivan stated that he was surprised that the Putnam County Sheriff was not on the call tonight, given the importance of this document and how it relates to his department.**

**Legislator Montgomery explained that she attended all of the Panel meetings and the Sheriff attended those meetings as well. He was part of the development of this plan, and he was an equal voting member. She stated that she was fully confident the Sheriff did his part in the development of this plan. She believed that the plan was supposed to be orchestrated by the Administration and she was disappointed that they did not do more.**

**Legislator Sullivan stated that the plan has to do entirely with the Sheriff's Department. He explained that he did not hear the Sheriff speak at any of the Panel meetings. The Sheriff was the one responsible for providing us with his policies and procedures and any updates that he has made to them based on the subcommittees recommendations.**

**Legislator Sayegh stated that she did not want to diminish the hard work performed by any of the subcommittees who took time out of their lives to volunteer and help with this plan. She stated that we all understand that this is a living document. She stated that we have heard the call for transparency and accountability. She believed this was the beginning of our conversation. She stated that it is certainly not complete, but she was happy to move this forward this evening. She thanked law enforcement for putting their lives on the line for public safety. She believed that should not be lost in this process as well.**

Legislator Nacerino stated that she was pleased to move this forward tonight. She believed we could all certainly recognize that this has been a short window of opportunity. She stated that we are grateful to the stakeholders who have dedicated their time, talents, and expertise to develop the plan. She stated that we know that there is more work to be done and we do not have to get divisive about it or point fingers. She stated that we need to work together to make recommendations to put in the plan to be realized by the Sheriff's Department in the future. She believed that cooperation and communication was the key to success.

Legislator Montgomery stated that she agreed with Legislator Sayegh in not diminishing the hard work that these volunteer members, not only of the Panel, but of the subcommittees. She did not believe that they were even given a copy of this resolution or provided the final draft from the leadership of this Panel. She hoped we could do better in the future.

Legislator Sullivan stated that there was nothing in Executive Order 203 that requires the Panel to vote on the plan. He stated that the Legislature votes on the plan to either adopt it or not. The Committee cooperated and operated by consensus, which is a perfectly acceptable way for a Panel to operate. He stated that tonight we are here to vote on adopting the plan. He believed that all the subcommittee's comments were in the plan. He stated that it was up to the Sheriff to adopt those recommendations in his policies. He stated that he looked forward to the subcommittee group members coming to the Protective Services Committee meetings in the future with their comments so they can help us review the policies and make sure their recommendations are incorporated into the policy. He thanked them very much for all their work and efforts.

Chairwoman Addonizio called for a Roll Call Vote on the motion.
