Dear Business Operator:

By approval of the Putnam County Legislature, Chapter 195 of the Putnam County Code has been revised and adopted into law. Secondhand Precious Metal and Gem dealers operating in Putnam County are now required to be licensed with the Office of Consumer Affairs. A copy of Chapter 195 is enclosed for your review and convenience. Also enclosed is the license application along with instructions.

If you have reason to believe that your business should not be subject to the provisions of this law, please submit your reasons in writing to the Office of Consumer Affairs at the address below, within 10 days of receipt of this letter.

With advancements in point of sale technology now available and in consideration of the ever increasing costs associated with previously required manual reporting, the newly revised law requires your business to use a specified web based program "Leads on Line", which will be provided for your use at no charge.

Businesses and law enforcement agencies will benefit from enhanced efficiencies and better processes that will assist in providing safer communities. Our office, along with law enforcement officials in our County, are committed to working with you as together we implement and use this new technology and methods of reporting.

In order to provide direct assistance to our Putnam County businesses that are now required to use this new web based program, Mr. Russell House, has been named by "Leads on Line" as your designated contact. His contact information is – rhouse@leadsonline.com – his direct phone number is 972-331-6789 or toll free number 800-311-2656. The general website for "Leads on Line" is www.leadsonline.com. If you have not already been contacted by Mr. House, please feel free to give him a call.

Please feel free to contact our office at (845) 808-1617, ext. 46109 and speak with our Weights and Measures Inspector, Eric Geiss, should you have questions or need further information.

We look forward to working with you to insure a successful implementation of this licensing program and on line reporting system requirement. Our desire is for both your business and our community to benefit from the changes to the law.

Recognizing our shared responsibilities and commitment to provide a fair and balanced consumer marketplace, I thank you in advance for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Budzinski". The signature is fluid and cursive, with a large initial "M" and a stylized "B".

Top Questions Asked By Businesses

1. How much is this going to cost my business?

Nothing. Services provided to businesses by LeadsOnline are free of charge. All you need is a computer and Internet connection. (Law Enforcement pays an annual subscription to use the service.)

2. How secure is the LeadsOnline system?

The information you send is encrypted and our data center has passed the SAS 70 Type II security audit.

3. What if I don't have the Internet on the same computer as my business software?

Simply save your daily transactions to a CD or USB drive. Then put the CD or USB drive in the computer with Internet access and send your file. Uploading takes only 30 seconds, on average.

4. What if I don't have business software and still do transactions by hand?

If you write transactions by hand, LeadsOnline provides a user-friendly feature called Ticket Assistant to help you easily and rapidly input your daily transactions. As with all our services to businesses, Ticket Assistant is free of charge to you.

5. I have OLD software – will LeadsOnline still work for me?

Yes, as long as you can save a file of your transactions from your software. We can accept any file type except PDF or Word documents. You'll be surprised just how flexible our Client Support Team is in working with older software.

6. Who sees my data? Can other stores (my competitors) see it?

Only authorized law enforcement officials investigating crimes have access to the data on the LeadsOnline system. This means that no one else can see your company information. And you can't see anyone else's data, either. You can only see the transactions you have sent us, and you can do so via your Store Monitor screen.

7. How often should I send my transactions to LeadsOnline?

Reporting requirements vary by state and jurisdiction; however, law enforcement prefers businesses to upload at least once a day. And if it's done as part of opening or closing procedures, it's easier to remember, and it takes only 30 seconds.

8. I'm not computer literate. Is this going to be hard for me?

Many of our clients – both businesses and law enforcement – are not technically savvy, but that's why we offer free customer support. And we'll never charge you, no matter how many times you call. We work very hard to make sure this is easy for you.

9. Do I need to install software on my computer to use LeadsOnline?

No – LeadsOnline is 100% browser-based, meaning it's accessible only via the Internet. There is no need for software of any kind to be placed on your computer unless you choose to use LeadsOnline Image Capture to upload images. For more information about LeadsOnline Image Capture, contact our Client Support Team at (800) 311-2656.

10. If I upload to LeadsOnline, do I still need to do what I've always done in reporting to my local law enforcement agency?

It depends upon the circumstance, but generally no. LeadsOnline investigators access the information as needed during investigations, and will follow up with you if additional information is needed. If you are still unclear about the requirements put forth by your local law enforcement agency, then please contact the department directly.

11. Will my customers be aware that I am uploading?

No – the system does nothing to alert your customers to the manner in which you meet local reporting requirements. Your transactions are uploaded when you send them to us, in batch, each day.
