

Opioid Abatement & Settlement Funds Dashboard

2023-2026

Opioid Abatement Funds Overview

Understanding the allocation of resources

New York's opioid **abatement funds** are monies received from settlements with companies involved in the manufacturing, distribution, and sale of prescription opioids. These funds are intended to address the harms caused by the opioid crisis and are allocated to the state, counties, cities, and other subdivisions. The funds are managed by the Office of Addition Supports and Services (OASAS) and are divided between state agencies and localities, with a significant portion going directly to counties. In Putnam County, these funds are managed by the Putnam County Department of Mental Health.

The rest of the funds are managed through the New York State Opioid **Settlement Fund** (OSF), which is overseen by the Attorney General’s Office of NYS. Allowable uses for the funds generally fall into categories like treatment, recovery, prevention, and harm reduction, and they are meant to supplement, not replace, existing funding. In Putnam County, these funds have been awarded to community partners via Request for Proposal(RFP) in 2023, 2024, and 2025.

Putnam County Initiatives Overview

Settlement

- Prevention Council of Putnam: Focused on harm reduction, prevention and education.
- Putnam Independent Living: Created a bilingual Peer Recovery position for support and programming.
- NAMI Putnam: Focused on implementing new mental health awareness curriculum in schools.
- Green Chimneys: Focused on youth substance use prevention, harm reduction and education.
- People USA: Focused on peer recovery support, and educational marketing campaigns.
- CoveCare Center: Focused on integrated treatment, peer recovery support and education.
- Mental Health Association: Created a Peer Engagement Center for recovery support and education.
- St. Christopher's Inn: Expanded capacity to include psychotherapy services for men in treatment.

Abatement

- Created a Dual Recovery Position to support a co-occurring system of care for people who are experiencing mental health and substance use disorders and related costs.
- Supported the Local Outreach for Survivors of Suicide (LOSS) Team to support family and loved ones after a death by suicide and related costs.
